STRAITS CHINESE LOSE TWICE IN TWO DAYS

Hou Yung-sang Shines For H.K.F.A.: Gosano Scores

LEE WAI-TONG WELL MARKED BY VISITORS' CENTRE-HALF

PLAYING ON A GROUND MORE SUITED TO THEIR FEET, the Straits Chinese F.A. Far East touring team were defeated by the Hongkong Football Association by three goals to one at Caroline Hill yesterday before about 5,000 spectators. This was the visitors' second defeat having been beaten by South China on Saturday.

Yesterday's game was well contested but the Straits team have themselves to blame for missing a number of splendid opportunities. As was the case on Saturday, the forwards lacked the final touch and the leader of the attack, Ho Kok-choy, did not himself shoot enough.

The Association team included in their attack the strong inside trio, Fung King-cheong, Lee Wai-tong and A. V. Gosano, the last named making his first appearance since the Manila Interport match at Causeway Bay in February.

A feature of the match was the brilliant display of Hou Yung-sang, right back for the H.K.F.A. He was by far the best player on view and was always on hand to clear. His kicking was sound.

In the first half, Gosano gave the Colony the lead with a fine shot to the top corner of the net after both Fung and Lee had made attempts. End to end play ensued, Tam Kwan-kon bringing off splendid clearances between the Colony's sticks. The lead was maintained until the interval.

CAMBRIDGE WIN BOAT RACE BY FOUR LENGTHS

LONDON, April 1 (Reuter).—Confounding the prophets, Cambridge to-day won the annual Boat Race beating Oxford by four lengths.

The weather was sunny and warm, conditions were perfect and the water smooth, with a following breeze, when Oxford won the toss and took the Middlesex side of the river.

However, the experts thought the choice was of little advantage on such a day. Conditions favoured Cambridge.

At the Stork training ship, just over two miles, the Light Blues were stroking 36 against 34 and led by three lengths.

The Cantabs led by three and a half lengths at Barnes Bridge, only half a mile from home.

Cambridge were then stroking 33 against 35. Rowing beautifully, they were still three lengths ahead at four miles, and three and a half lengths ahead 200 yards from the finish.

Cambridge were still going well at the finish but Oxford were rowed out, Cambridge winning by four lengths in 19 minutes 3 seconds.

ANNUAL DINNER
His Excellency the Governor, Sir Geoffrey Northcote, was among those who attended the annual dinner of the Oxford and Cambridge Society at the Hongkong Hotel on Saturday night.

ARMSTRONG RETAINS TITLE

NEW YORK, April 1 (Reuter).—Henry Armstrong last night retained the world's welterweight boxing title when he beat Davey Day of Chicago at Madison Square Garden by a technical knock out in the twelfth of a scheduled 15-round bout.

Armstrong was like a perpetual motion machine, but his blows tended to land haphazardly, and at times Day was far superior.

INTERNATIONAL SOFTBALL SERIES

Portugal's Good Win Over India

WOMEN'S LEAGUE TIED

Though only two games were played in the softball leagues yesterday, both produced some keen and exciting play which more than compensated fans for the curtailed programme.

In the International Shield India did well to hold the strong Portuguese outfit to the comparatively narrow margin of nine runs to five, losing out mainly on account of the stronger hitting of the opposition.

Wahogs beat the Cardinals 13-8 in the Women's section and thus will play off with the Wildcats for the championship. The losers put up an unexpectedly good struggle and up to the last inning were only a run behind, but in this last stanza they blew up to allow the Wahogs to chalk up seven runs.

Outstanding in the International match were A. P. ("Spotty") Pereira, Johnny Alves (who hit three apiece), Eddie Gosano, who kept up his usual heavy hitting with another home run and the sacrifice hitting of Mike Mendonca. A. V. Gosano was brilliant at short stop. On the other side, Hussain played a great game at right field and also got in two hits. Nazarin pitched a steady game, but his one-pace deliveries were too easy for the keen-eyed Portuguese boys. The best fielder for the Indians was O. el Arculli, who gave a very sound display at second base.

In the Women's game the Wahogs were well served by Yvonne Yolie and Ada Sufiad, the former hitting a home run and the latter batting and fielding well. For the losers, who fielded only seven players, Florio Wong played a grand game, covering both short stop and third base.

LAWN BOWLS BEGINS

Club de Recreio Beat C.C.C.

The lawn bowlers have started again in earnest, and 12 rinks, 48 men in all, assembled at the Club de Recreio greens on Saturday, when the home team triumphed over the Craigengower Cricket Club by 144 shots to 103.

J. Sato's rink finished up with two fives, while C. S. Rosset's four registered a six at the 20th end after being led 19-15.

GOSANO, OZORIO GIVE RECREIO CRICKET TITLE

Magnificent Bowling In Face Of Own Side's Small Score

CLUB'S FIRST SUCH SUCCESS IN HISTORY OF LEAGUE

MAGNIFICENT BOWLING BY E. L. GOSANO AND H. L. OZORIO, the pair that has practically carried the team on its shoulders throughout the season, in the face of a meagre score of 99 by their own batsmen, enabled Club de Recreio to beat Royal Navy by 40 runs in their final league match and thus win the championship of the senior cricket league for the first time since its inception.

It was a great performance on their part, in view of the fact that Navy were playing at least four of their regular batsmen and could not be considered to have fielded a weak side. Recreio have participated in the senior league only three times, in 1934-5, 1937-8 and 1938-9.

Recreio's cheap dismissal was primarily due to the success of a bowler little known in local cricket, O. S. Christison, who sent down some extraordinarily good stuff to return the figures of 13-3-17-6. Captain Whitmarsh also bowled very steadily for 16.2 overs, giving away only 29 runs in taking three wickets.

Marine's Moors, however, generally a tower of strength, was not in form and, though not expensive, was ineffective.

The chief scorers for Recreio were E. M. L. Soares, b. Christison (14), L. G. Gosano 24 and W. Reed 13. Gosano in particular batted very well and, but for the small stand between him and Reed, the new champions would have been in dire straits indeed.

When Navy went in, with the odds apparently well on them, Eddie Gosano and Ozorio proceeded to bowl the game of their lives. Their respective figures were 12.5-2-31-4 and 12-3-27-6.

Miss Stradner will play the leading feminine role in the picturization of the Broadway stage success, "Blind Alley," under the direction of Charles Vidor.
Other prominent roles thus far assigned will be enacted by Chester Morris, Joan Perry and Ralph Bellamy. Production is expected to be started within the next two weeks under the supervision of Fred Kohlmair.
Born in Vienna, and a prominent member of the theatre, Miss Stradner has appeared in more than fifty dramas, ranging from Shakespeare, Ibsen and Moliere to noted modern day playwrights. These include "Lady Windermere's Fan," "Dinner at Eight," "An American Tragedy," "Lilom," Somerset Maugham's "Victoria," "Faust," "Cymbeline," "As You Like It," "Romeo and Juliet," "Hamlet," "St. Joan," and others.

Paul Mertz and Joe Sullivan will back-ground their harmony with a two - piano accompaniment. Sam Nelson will direct.
One of the "Sings," will embrace songs of broken romance. The other will feature various "hit parade" top-notchers. Jacqueline Wells, who plays the leading feminine role in Columbia's "My Son Is a Criminal," was born in Denver, Colorado, on Aug. 30. After living for a short time in Dallas, Texas, she was brought to Hollywood when but three years old.
In the toddling stage she was enrolled with Theodore Kosloff's famous Russian Ballet and later made her motion picture debut with other child dancers. Soon afterward, she played her first featured role in Cecil B. DeMille's "Children of Jazz."
Thenceforth, and while attending school at Kenwood Hall, she matured to young womanhood through a long succession of films and plays... "The Golden Bed," "Night Cargo," "Classified," and "Hamlet."

Recent roles were in "Little Miss Roughneck," "Counsel for Crime," "She Married An Artist," "You Can't Win," "Crime of the Year," "Highway Patrol," "Wings of Doom," "The Little Adventuress," and other pictures.
She is five feet, three inches tall, weighs 112 pounds, and has hazel eyes and brown hair. She is an expert aviatrix, piloting her own plane.

STERN WARNING TO HITLER

IT WAS ONLY to be expected that Hitler and his Nazis should be aroused as a result of Mr. Neville Chamberlain's blunt warning that Great Britain will guarantee Poland's territorial integrity against any attacks that may be made upon that country. The Reichsfuehrer, in his eagerly-awaited speech on Saturday, defended his actions in Central Europe and claimed that German policy has preserved peace. He ridiculed Britain and, asserting in his usual swashbuckling manner that the Reich was on her guard, alleged that Britain was engaged in a conspiracy to bring about Germany's downfall through encirclement.

WHILE INDIGNATION, consternation and anger prevail throughout Germany at the Prime Minister's address, the declaration has found universal support all over the British Empire. All political parties and all newspapers stand united behind Mr. Chamberlain and not a single discordant note has been sounded against the strong and determined stand which he has adopted. Indeed, his caution to Berlin has received the endorsement of all parties without exception. Mr. Chamberlain's declaration is a step in the right direction and should give Hitler food for

R.A.F. COMES OF AGE

King's Message On 21st Anniversary

LONDON, Apr. 2 (BWS)—Yesterday the Royal Air Force celebrated its Twenty-First Anniversary and His Majesty the King sent the following message in honour of the occasion.

"On the occasion of the Twenty-First Anniversary of the Royal Air Force, I send my congratulations and good wishes to all ranks of the service and to all employed in the Air Ministry.

"I have known the Royal Air Force from its earliest days and I am proud to think that its spirit remains unchanged, a spirit that has enabled it to surmount so many difficulties and to rise true to its motto to even greater heights of achievement."

Messages were also received from the Air Minister, Sir Kingsley Wood, the Marshal of the R.A.F., Lord Trenchard, and the Air Chief Marshal, Sir Cyril Newall, Chief of Air Staff.

The Air Minister broadcast a short talk on anniversary last night.

thought. Certainly it should be enough to convince him and his Nazis that the man whose methods are described in their hymn of hate, by the German press as illogical and exotic is not in the habit of bluffing like their own leader, nor is he the kind of man to give any rash promises or to act foolishly. The Chamberlain declaration speaks for itself. Will Hitler continue living in his fool's paradise and continue his foolhardy acts which may eventually plunge the Reich into disaster?

"OF COURSE, a settlement by peaceful negotiation would be welcomed and, if Germany has no intention of attacking Poland, so much the better, but it was essential that Mr. Chamberlain should make Britain's stand very clear, whether it was pleasing to Germany or otherwise. Hitler has, through his bluff, hitherto had everything his own way. He has never been challenged. But let him now be warned, as the Prime Minister has warned him, that any future bluff on his part will be called. Britain has no desire for war; she prefers peace but woe betide Germany or any other power which persists in arousing her to a state where she can no longer hold herself back.

IT IS of considerable interest to note that the Secretary of State for Foreign Affairs, Lord Halifax, has been in consultation with the Soviet Ambassador to London, M. Maisky. The nature of these discussions are of course being kept secret but no doubt the Moscow Government fully understands and appreciates the principles on which H.M. Government is acting. According to Mr. Chamberlain, no ideological differences stand between Britain and Soviet Russia.

INTERNATIONAL lawlessness must stop and every sane-thinking man will agree that it is necessary for law-abiding nations to range themselves against it, just as would any group of respectable communities combine against brigands and outlaws. But it is hoped that the Powers will not confine themselves against aggressor nations in Europe but that they will see their way clear soon to taking steps in the Far East to suppress the international brigandage and carnage on the part of a nation which professes to be civilized and cultured but whose actions have proved to be the exact contrary. We refer to Japan. Generalissimo Chiang Kai-shek and the Chinese nation are putting up a truly admirable fight, a fight which cannot but succeed, and they have showed the world China's true spirit—a spirit that will never die. Are the Powers going to continue to stand by idly or are they going to call Japan's bluff just as Germany's bluff has been called?

ACID-THROWING INCIDENTS

No further cases of acid-throwing in the Central district have been reported to the police since the three separate incidents on Friday night, when on each occasion a woman was attacked.

Although a thorough search of the district has been carried out by the police, no arrest has as yet been made in connection with the incidents. Inquiry revealed late last night.

It will be recalled that two of the acid-thrower's three victims were Chinese dance-hostesses, while the third was a woman aged 57.

ANTI-EPIDEMIC WORK IN CHINA

CHUNGKING, April 1 (Central)—Anti-epidemic work in China has been put on an efficient basis through the efforts of the National Health Administration with the assistance of the League of Nations.

In addition to the 1,500,000 Swiss francs which the League will spend in China for anti-epidemic work this year, the Administration has set aside \$2,500,000 for a similar purpose.

Geneva's assistance will take the form of maintaining anti-epidemic experts in China, supplying China with medical and laboratory supplies, extending aid to Chinese health institutions in carrying out anti-epidemic work, and engaging Chinese technical personnel.

Of the \$2,500,000 allotted by the Administration, \$498,000 will be used for the maintenance of anti-epidemic units, \$90,000 for isolation hospitals, \$548,055 for highway health stations, \$1,218,000 for a five-year malaria-control programme, and \$150,000 for a three-year malaria research and control programme.

NEW PATRIOTIC BODY IN SHANGHAI

CHUNGKING, Mar. 31 (Central)—Though under Japanese domination, Chinese patriotism runs high in Shanghai. The latest patriotic organization, according to a message from Shanghai, is the Shanghai People's Mobilization Association which has just been formed.

In a lengthy manifesto issued upon its inauguration, the Association urges observance of the Three Principles of the People laid down by Dr. Sun Yat-sen, support of the National Government's policy of continued resistance, promotion of the National Spiritual Mobilization Movement, rallying of the people's military strength and elimination of Chinese traitors.

WOMAN PANDA HUNTER GOES TO SEE MING

Unrecognised by officials of the London Zoo, a tall, handsome woman in a leopard-skin coat waited her turn to have a look at Ming, the Zoo's baby giant panda.

The visitor was Mrs. Ruth Harkness, first person in the world to capture a giant panda and bring it back alive.

Mrs. Harkness, an American, got her panda during an expedition in Western China in 1936. It weighed only 3lb and she called it Su Lin, that is, "a little bit of something very cute."

"Pandas are adorable creatures," Mrs. Harkness said, "and I was most unhappy when Su Lin died in Chicago Zoo after 18 months of captivity."

"At the time of her death I was on a second expedition to China, when I caught a second baby female panda, Mei Mei, which is now in Chicago."

DEPRESSION PASSES NORTH OF HONGKONG

Landslide Caused By Heavy Rain

In bearing with the report issued by the Royal Observatory yesterday evening was the heavy rain and strong wind towards noon yesterday, which caused some damage to matched constructions in various parts of Hongkong and the mainland.

Considerable damage was also suffered by loosely constructed huts in the Gap Road and Morrison Hill area, and there was a landslide at Victoria Road, near the wholesale market, Kennedy Town, of sufficiently large proportion to close the road for traffic until the Public Works Department cleared away the debris.

It appears a portion of the bordering escarpment was weakened and dislodged by the rainfall. The depression that caused the weather, Colony revenue cancellation of the six-a-side hockey tournament, is stated to have passed to the north of Hongkong about noon, and was last reported moving east-northeast towards Swatow.

SHAI DIVORCE

In an undefended divorce action heard in H. M. Supreme Court, Shanghai, on March 28, before Judge Sir Allan Mossop, a decree nisi was awarded to John Helyer Liddell against Grace Mary Liddell.

Common Front By Powers Is Imperative

CHUNGKING, April 1 (Central)—A common front of all peace-loving Powers against aggressor nations is urged in a statement issued by the Executive Committee of the French Section of the International Peace Campaign in connection with the recent events in central Europe. The statement reads:

"In the days which followed Munich many people, in France honestly believed that Chancellor Hitler would respect the agreements signed and leave Europe at peace.

"It is no longer possible to have any illusions; the unexampled annexation of Czechoslovakia must convince everyone that Hitler's Germany is determined systematically to pursue a policy of brute force.

"It is because French opinion was deceived that it acquiesced in the foreign policy which led to this disaster, and which has left France, formerly invulnerable, now exposed to war.

"An immediate re-orientation is imperative.

RADICAL CHANGE

"It implies a radical change in the methods introduced into the Quai d'Orsay by the Foreign Minister.

"His successor must undertake the immediate constitution of the common front of the peace-loving powers, by strengthening in every sphere (military, financial and economic) the ties uniting France to Great Britain, the U.S.S.R., Poland, Yugoslavia, Rumania and the United States.

"Only by this means can we hope to return to the great ideals of the League of Nations.

"To this end the L.P.C. calls upon the Government and the country to set aside all considerations of party and to strive for the union of all those who are prepared for the resolute defence of France, freedom and the peace of mankind."

DISPATCH CASE MISSING

Mr. Fan Yin-shu, engineer, of the Eurasia Aviation Corporation, while shopping at the Wing On Co. yesterday afternoon, lost or had stolen a dispatch case containing a cheque, \$60 in Chinese National currency, and correspondence. Mr. Fan believes the dispatch case was stolen when he left it on a counter in the store.

6-FOOT WOMAN IS AIRWAYS "BOSS"

A six-ft. white-haired mother of two has just been appointed woman staff supervisor of Imperial Airways, and will be responsible for the engagement, training and administration of hundreds of women employed in the United Kingdom.

She is M. S. F. M. D. Henderson, M.B.E., London-born.

She confessed that her flying experience was confined to a few trips from London to Paris.

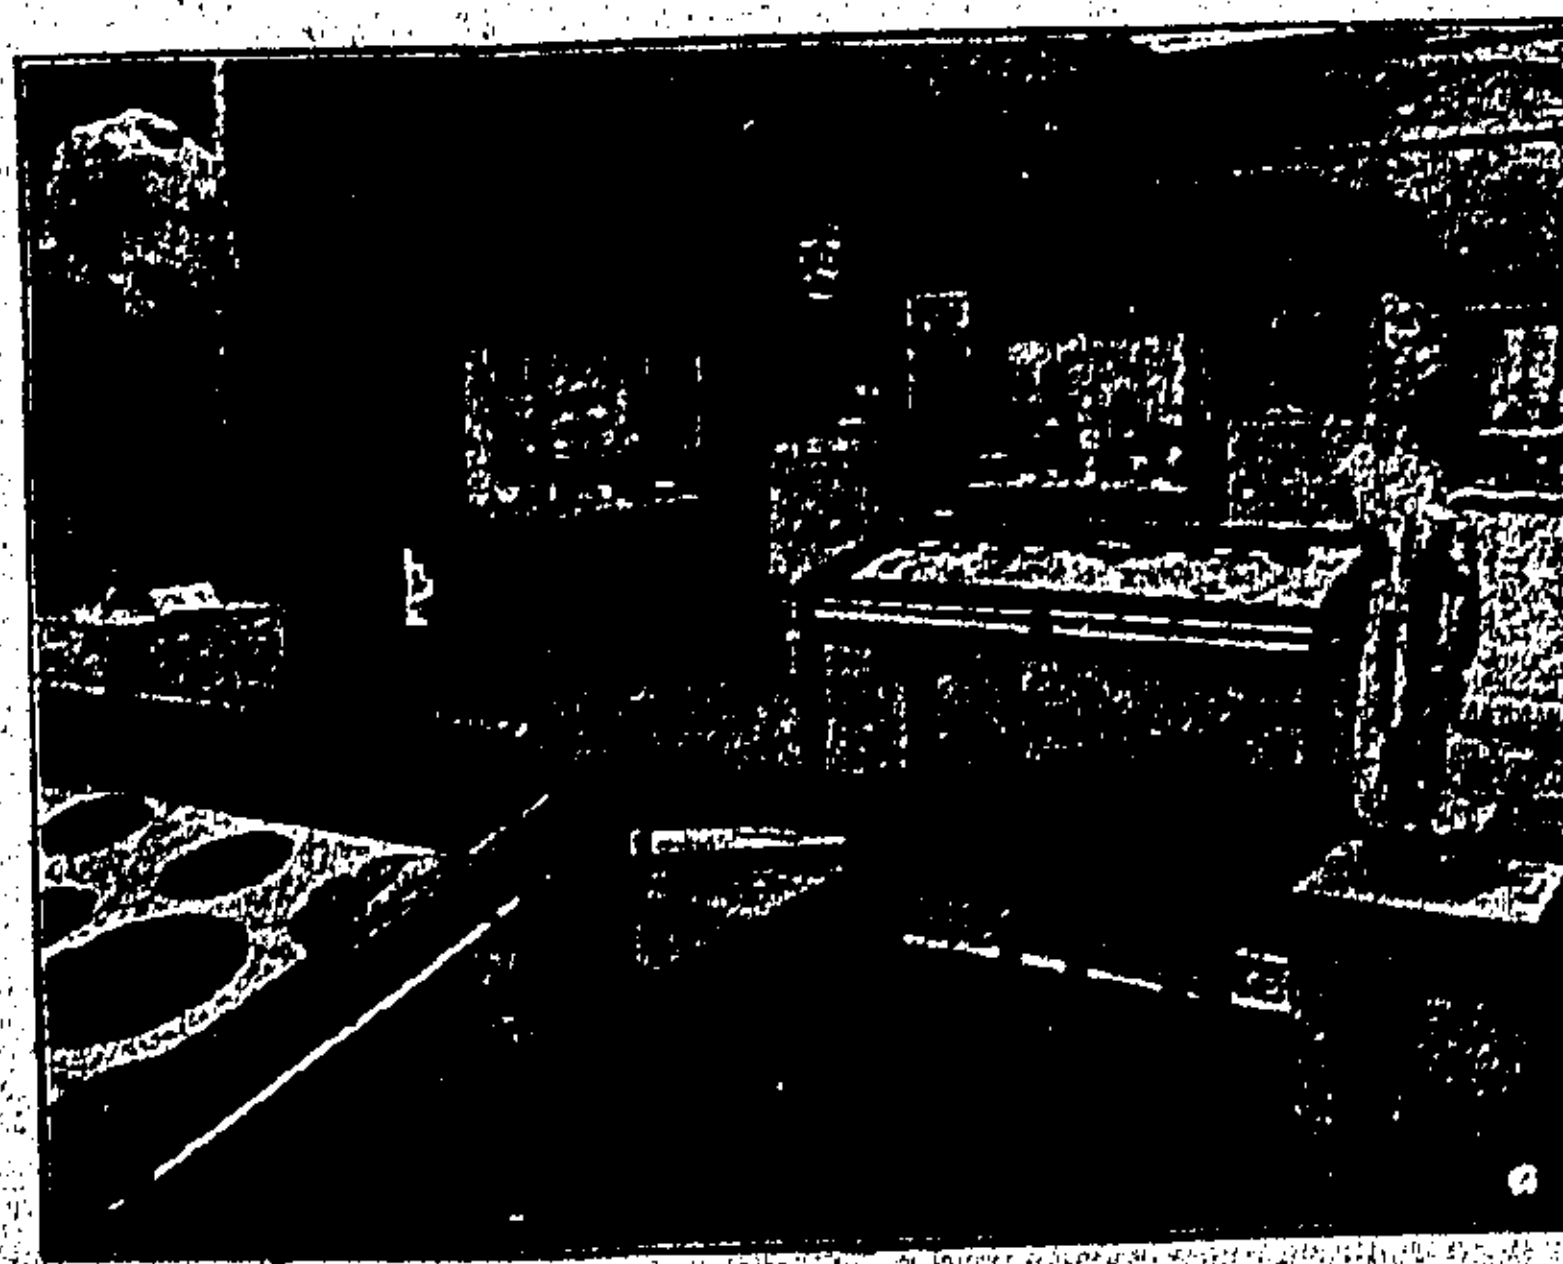

Mrs. Henderson has held a number of administrative posts, including that of employment secretary to the London Society for Women's Service, and latterly organising secretary to the Junior Council of the London and National Society for Women's Service.

Despite her many duties, she still finds time for work in the Auxiliary Fire Service. Her son is a paymaster Lieutenant in the Navy, her daughter is employed by a famous fashion house.

Hello & Goodbye

(BY A. W. HYER)

All transportation in and out of Hongkong during the coming month will be subject to weather conditions and that means mainly fog.

When the s.s. Chitral sailed yesterday at noon her skipper, Captain W. E. L. S. Pocock, took the route via Green Island thereby saving several hours and avoiding the fogbound Lyemoun Pass, the navigation on the first route being much more tricky due to the islands scattered about.

The Eurasia Aviation Corporation's service which left Kai Tak early on Sunday morning returned after four hours of flying. Storms, rain, lightning and fog making further progress unsafe.

And the Maersk Line's Anna Maersk, plus the J.C.J. L's "Tjalsnik" due in the harbour on Sunday are held up on account of the fog.

Conte Verde

THE LLOYD Trieste's steamship sat outside the harbour entrance for twenty-four hours, with about ten other ships, waiting to enter Lyemoun Pass and discharge cargo and passengers. The Conte Verde came in with the big rush on Friday night, at approximately 8.15.

A charming visitor arriving from Singapore is Lady Esme E. Renale. She was certainly glad to finally arrive and will be stopping at Flagstaff House during her short call.

A very interesting traveller is Mr. Kan Hou-lung travelling from Brindisi to Kunning. In the past year this gentleman has been studying in Europe and now he is on his way to join the University in the northern Chinese city. America is his next aim and ambition.

Mr. Reginald Buschman and Miss Doreen Buschman are combining business and pleasure on their short visit from Singapore. This is the young lady's first visit to the Colony and she was looking forward to an extra good time.

There are approximately 500 Jewish refugees travelling from Italy to Shanghai on the Conte Verde. All of them have the same story to tell, and most of them hide sorrow, hardships and anguish behind their smiles.

Over approximately 2,000 refugees have passed through the Colony from Europe on their way to the North, and late reports state that the Conte Biancamano is bringing another 600 to the large over-populated colony now in Shanghai.

Imperial Airways

SUNDAY, 3.40 p.m. Captain A. I. Dykes brought the Imperial Airways' Dorado in from Bangkok. Mail from the United Kingdom was estimated at 478 kilos there being mail from Hanoi.

One passenger arrived and was greeted by several friends, Mr. P. H. Sellar, a very nice German gentleman travelling to the Colony for a few days business visit from Bangkok.

Within a few weeks one of the popular engineers in the Colony's aviation fraternity will go flying home to London. Though it is not a vacation for Mr. J. N. Idle, Station Engineer, who has been servicing the three planes of Imperial Airways throughout the past five months by himself, and, therefore, quite deserving of a holiday, it will probably be a transfer.

Mr. J. Woodhouse is taking over the duties of Mr. Idle for Imperial Airways.

s.s. Chitral

WHEN THE s.s. Chitral sailed for southern ports and England yesterday at noon, she was practically loaded with passengers and cargo to the point of overflowing.

The foremost passenger sailing home for a visit is Lady Northcote accompanied by her son Mr. M. A. S. Northcote. Such beautiful flowers bedecked cabin 107, almost a basket for each of the 30 days en route for Lady Northcote, who appeared, very pleased with the colourful display of farewell messages.

Seven years is a long time and Mr. P. Chesser, Manager of the Gloucester Hotel, was in quite a dither at the thought of his six months' vacation, after such an absence from home. A daughter, 21 years of age, will be waiting to greet this popular resident on his arrival in Southampton. Then the two of them are going to tour Europe.

Mr. and Mrs. N. Braga and their two children were quite excited about the journey. A large gathering of friends were down to see this well-known Assistant Secretary of the China Lights and Power Co., Ltd. and wish the family "happy landings and pleasant vacation days."

They included six firsts, one challenge certificate, the fifth one by Golden Lady, who in 1937 won the cup for the best champion in both sexes.

JAPANESE DRIVEN FROM KIKUNGSHAN

TSAOYANG, HUPEH, April 2 (Central)—Under Chinese pressure the Japanese troops at Kikungshan, a popular mountain resort on the Hupeh-Honan border, about 125 miles up the Peiping-Hankow Railway, from Hankow, have retreated to Lulin, about 14 miles south of Sinyang on the Peiping-Hankow Railway.

CRUFT'S DOG SHOW

The fact that there were 8,839 entries for Cruft's Dog Show, which was held at the Royal Agricultural Hall recently shows that exhibitors are not suffering from the "jitters" which appear to be affecting some people.

A number of rare foreign dogs entered provided considerable interest, particularly to the general public to whom they are practically unknown.

A dog of which the popularity is advancing by leaps and bounds is the long-haired dachshund. One hundred and seven of these were entered, and a number of successes were had by Mrs. Smith Rewse, who breeds these lovely animals at Plumrose Patch, Bordon, in Hampshire.

They included six firsts, one challenge certificate, the fifth one by Golden Lady, who in 1937 won the cup for the best champion in both sexes.

British Challenge Premier's Stand Against Methods Of Diplomacy Which Shocked The World

LONDON, April (Central).—The newspapers enthusiastically welcome the Prime Minister's announcement as a remarkable new departure in foreign policy.

The "Daily Telegraph" calls it one of the most conspicuous landmarks in the whole history of British foreign policy. It is a plain proclamation that the frontier of Britain is no longer on the Rhine but on the Vistula.

"We have finally broken the last link in the 19th Century era of splendid isolation. The volte face enjoys the enthusiastic support of every section of opinion."

The "News Chronicle" says that at last the initiative seems to have a chance of passing from the totalitarian aggressors to the Democracies.

"The Times" says the statement is a bold and definite challenge to the methods of diplomacy which have recently shocked the conscience of the world.

BERLIN COMMENT

Reuter's Berlin correspondent states that the morning newspapers minimise the importance of Mr. Chamberlain's statement and say the declaration causes Germany not the slightest uneasiness.

The mildness of some of the comment is believed to have been ordered so that the thunder was not stolen from Hitler's speech.

"Völkischer Beobachter" states: "Mr. Chamberlain's declaration shows intentionally or unintentionally a tendency to poison Polish-German relations."

"Deutsche Allgemeine Zeitung" writes: "Germany regards the declaration as a new link in the chain of lack of understanding and rashness."

LONDON SURPRISE

A later London message states that surprise has been expressed in British official circles that attempts should have been made to minimise the Premier's statement, says Reuter's diplomatic correspondent.

The statement is regarded as an utterance of outstanding importance, the meaning of which is perfectly clear and categorical.

No doubt is felt in official quarters that in present conditions the Polish Government will want to keep the British Government fully informed, though the latter do not seek in any way to influence the Polish Government in the conduct of their relations with Germany.

NOT A BLUFF

A Melbourne message declares that Mr. Chamberlain's statement means that Australia is also committed to war if Germany attacks Poland, says the "Melbourne Sun" this morning.

"Argus" asks: Will Germany realise at the eleventh hour that Britain is not bluffing?

AMERICAN APPROVAL

According to a New York message, the American press expresses warm approval of Mr. Chamberlain's guarantee of Poland.

The "Herald-Tribune" describes it as "an historic declaration which halts the long retreat and supplies the first condition necessary for restoring to the Democracies the bargaining power which is essential if there is to be a real settlement."

The "Washington Post" says: "It is the most salutary turn in Europe for many months."

The "New York Times" says that a Germany in full possession of her senses would recognise the importance of what happened yesterday in London.

GREAT IMPETUS TO RECRUITING

DEMONSTRATION IN HYDE PARK

LONDON, April 2 (BWS).—A great impetus to recruiting is expected as a result of the recent decision to double the Territorial Army and local organisations all over the country are preparing every means at their disposal for a big national effort. All means of publicity are to be employed and, from now on, no prospective recruit will be turned away. The organisers show the greatest confidence in the success of the drive.

The War Minister, Mr. Horne, appealing at Brompton for recruits for the Territorial Army said, in reference to Mr. Chamberlain's statement on Poland: "Our country has spoken. With what pride we must all have heard the message which springs from the true heart of the British people and which says to a would-be aggressor: 'hold back, no further will you go.'"

The Minister added that the Territorial Army is now the largest voluntary Army in the world.

RECRUITING DRIVE

As part of the recruiting drive, a demonstration of the achievement of voluntary efforts to make strong the country's defences took place in Hyde Park yesterday afternoon. Fighter planes flew over the Park in formation during daylight and after dark single aircraft flew over, while searchlights on the ground tried to find them.

Military and civil defence units demonstrated how, in an emergency, they could serve the community and every facility for inquiries about various units was available to the general public.

Among those who attended the demonstration were the War Minister and Labour Minister, Mr. Ernest Brown, and the Financial Secretary to the War Office, Sir Victor Warrender.

RESTRICTIONS IN CANTON

Board To Handle Growing Disputes

LONDON, April 1 (Reuter).—The Japanese military authorities have issued an order strictly prohibiting the sale or purchase of silver, gold, copper, iron, tin, wolfram and antimony and other ores. In addition owners of such metals are forbidden to remove them from the present or private. "Severe punishment is threatened all who violate this order."

The local Chinese Chamber of Commerce has decided to form an Arbitration Board to handle the growing number of disputes between merchants in regard to properties and merchandise and it is expected that, when formed, the Board will work in co-ordination with the Peace Preservation Committee.

JAPANESE CLAIM

With the return of more normal conditions many factories and business houses are being opened weekly, the Japanese claim. The Tungchow Sugar Refinery, which belonged to the former Chinese regime and which is one of the largest in South China, recently resumed operations.

The entertainment world in Canton is also making progress and arrangements are said to have already been concluded for showing foreign cinema films in at least two local theatres very soon. These will be supplied from Hongkong.

German Officials Injured

ALLEGED ATTACKS BY POLES

BERLIN, April 2 (REUTER).—A GERMAN NEWS AGENCY DISPATCH FROM KATOWICE ALLEGES that two German consulate officials were attacked by Poles and seriously injured.

The report adds that the proprietor of a German printing firm in Karwin was attacked by Poles because he spoke German. The injured man had to be medically attended.

THIS UNEASY WORLD

Terrorist outrages in London, riots in India, attempted shooting of a British Police Officer in Haifa, the sequel to a six-months' old shooting in Cairo and yet another protest to Nazi might in Europe added to the tense week-end over which the world watched anxiously.

EXPLOSIONS

LONDON, April 1 (Reuter).—Terrorists who took home-made bombs in a powerful car, in which they toured London streets, are believed to have played a prominent part in the bomb outrages which occurred in London to-day and which were the most extensive series in the Metropolis since the bombings began a few months ago.

The terrorists concentrated on the mainly modern type of shop front in the West End and the Central London district.

The explosions brought hundreds of Londoners from their beds, but although the buildings were shaken and shop fronts blown out, no one was injured.

RIOTING

BOMBAY, April 1 (Reuter).—Curfew has been proclaimed at Lucknow owing to a grave outbreak of rioting between dissident groups of Moslems.

More than 600 arrests were made and 12 policemen were injured in clashes with fighting mobs, on whom they were compelled, finally, to open fire.

SHOOTING

HAIFA, April 1 (Reuter).—The Assistant Commissioner at Acre, Mr. F.D. Corfield, to-day escaped assassination when two Arabs fired six shots when he was leaving his house.

Four bullets hit Mr. Corfield's car, one passed through his hat and the other missed. The assailants escaped.

A 24-hour curfew has been imposed.

A SEQUEL

CAIRO, April 1 (Reuter).—Sixteen months after firing on the car in which Nahas Pasha, then Premier, was driving, Izzidine Abdul Khadir was to-day sentenced to 10 years hard labour.

Abdul Khadir was a grandson of the late Arafat Pasha, leader of the 1882 revolution.

Abdul Khadir pleaded that he only fired to intimidate Nahas Pasha.

PROTEST

KAUNAS, April 1 (Reuter).—Lithuania is reported to have protested to Germany, declaring that the latter is not conforming to the Lithuanian-German Agreement regarding Memel.

It is alleged that many Lithuanians were arrested in Memel, while large numbers are under economic persecution.

All Jewish property in Memel has been placed under German control.

SEARCH

SHANGHAI, April 1 (Reuter).—The police are searching for three men belonging to the "Doomed Battalion" interned camp in the International Settlement who escaped at 7 o'clock yesterday morning.

Hitherto no trace has been found of the men.

REBEL GANGS

LONDON, April 2 (BWS).—Recent information from Palestine shows that while there are still a number of small gangs in existence which molest transport and occasionally attack isolated settlements, organized rebellion is almost at a standstill. Rebel gangs are now trying to avoid encounters with troops.

It is also shown that villagers in many parts of the country are showing increasing hostility to gangsters, for they are weary of the demands made upon them for money and supplies. This hostility is increasing by the practice of small gang leaders of making forced collections for their own private benefits.

Anti-British Propaganda In Shanghai

JAPANESE MOVE

Britain Described As "Public Enemy" Of New China

SHANGHAI, Apr. 2 (T/Ocean).—The continuously increasing anti-English feeling in the occupied parts of China is watched with growing concern by the British circles here.

A joint declaration by the Nanking and Peiping Governments, on the occasion of the anniversary of the Nanking and Peiping Governments, contains a sentence describing England as "the public enemy" of New China, because Britain was constantly obstructing the measures for a consolidation in China.

The Nanking and Hangchow papers are sharply attacking England demanding her elimination from business and the deportation of British missionaries from Inner-China.

CHUNGKING-HAMI AIR LINE

CHUNGKING, April 1 (Central).—After having successfully blazed a 2,500-kilometre trail, sections of which were over some of China's most difficult orographical heights, the giant tri-motored plane, Lanchow returned to Chungking from Hami this afternoon.

The trial flight from Chungking to Hami and return, according to the pilot of the plane, was quite successful. It is expected that a regular air mail and passenger service between the wartime capital and the east Sinking metropolis will be inaugurated shortly.

According to tentative plans the Chungking-Hami service will be on a weekly basis. Four stations, aside from the terminal stations at Chungking and Hami, will be set up along the route, at Sian, Lanchow, Liangchow and Suchow.

Chinese View On Neutrality Legislation

CHUNGKING, April 1 (Central)

Chinese opinion regarding the United States' neutrality legislation is contained in a cablegram sent jointly on March 27 by Dr. T. V. Soong and Mr. Shao Li-tze in their capacities of President and Vice-President of the China Branch of the International Peace Campaign to Col. Henry L. Stimson, President of the American Committee for Non-Participation in Japanese Aggression, Dr. A. Adkinson, Chairman of the American National Committee of the International Peace Campaign, and Mr. Clark M. Eichelberger, Chairman of the Committee for Concerted Peace Efforts.

The cablegram lists the following points: "First, 'neutrality' is hardly worthy of the term national policy, but merely a kind of diplomatic expediency for minor powers under specific circumstances.

"Secondly, morally, there is no room for neutrality between righteousness and wrong.

"Thirdly, in realistic American politics, Pacific eventualities should no less be considered in any congressional legislation than European situations.

"Fourthly, 'cash and carry' provision, when enforced, rewards the belligerent having navy and ships, which, in the present Far Eastern conflict, is Japan the aggressor while penalizing the ill-equipped victim China that America sympathizes with and intends to help."

The cablegram ends with a request that these American leaders exert their best efforts "to influence the Congress to educate mass and rectify isolationism and to achieve desired ideals for both China's and America's benefit."

SOCIAL SECURITY IN NEW ZEALAND

WELLINGTON, April 2 (Reuter)

The Government's Social Security Act, by which married couples, aged 60 or over, will receive pensions of £3 weekly, was inaugurated on April 1. It is hoped that a free hospital, with medical and maternity benefits, under the Act will soon be available.

Mr. M. J. Savage, Prime Minister of New Zealand, declared in an interview that the scheme represented the best social security scheme in the world.

The act also provides for disability and unemployment benefit of anti-aircraft guns.

The cup presented by His Excellency the Governor of Macao, Dr. Artur Tamagnini de Sousa Barbosa, presented last year and which was yesterday won by Hognanay (Mr. R. L. Chiu up) and owned by Mr. H. C. McComb.

CHINESE CORDON UNBROKEN

Japanese Attacks End In Failure

MILO, HUNAN, April 1 (Central).—The attempt by Japanese units at Matang and Sinkiang, stations on the Canton-Hankow Railway, to break through the Chinese cordon ended in a disastrous failure after an all-day fierce engagement yesterday.

The Japanese forces started their assault on the Chinese ring at day break and charged the Chinese positions several times with hand grenades and bayonets. Chinese machine-gun, behind well placed positions, however, kept away the attackers and forced them to retreat to their original line. The hand grenade, and bayonet charges cost the Japanese a considerable number of men killed and wounded.

The severity of the north Hunan front fighting during the last few days was attested by the large number of Japanese wounded moved back to Yoyang, which has already exceeded 500. More than that number are believed to have been killed on the field.

CHINESE IN POSITION

From Our Own Correspondent CHUNGKING, April 2—Chinese troops have taken up their position in Sunwu, south of "Kongmoon," with a view to counter-attacking the latter town. Fighting is in progress on the outskirts of Sunwu, as the enemy forces are attempting to drive farther south.

Sunwu Hoiping and Tanshulow were heavily bombed yesterday when over twenty Japanese planes unloaded tons of explosives on these towns, killing many civilians including women and children.

Kwangsi troops are rushing down eastward to reinforce the defence of the southern districts.

SPANISH WAR ENDED

SALAMANCA, Apr. 2 (Reuter).—A communique states that with the Republican army disarmed the interned Nationalists forces have reached their last military objectives. The war is ended.

Mr. Eden In Complete Agreement

LONDON, April 1 (Reuter).—Mr. Anthony Eden, speaking at New-castle, expressed complete agreement with the Chamberlain statement on Poland and said he was convinced that it would be endorsed by the whole nation.

"I warmly resent the intolerable suggestion that in anything I have said I have sought to imply the existence of differences between those responsible for the conduct of foreign affairs."

Mr. Eden closed his speech by appealing for a still greater measure of national unity.

A British Wireless message states that Mr. Herbert Morrison, Labour Member of Parliament, speaking at Taunton said:

"The statement of the Prime Minister is all in the right direction. I hope the smaller Powers will be willing to play their part in this new development."

SPAIN VICTORY CELEBRATED IN MACAO

From Our Own Correspondent

MACAO, April 2—The Nationalist victory in Spain was officially celebrated in Macao this morning when leading officials and residents of the Colony attended a special service commemorating the occasion, which was conducted by the Bishop of Macao, the Rt. Rev. D. Jose da Costa Nunes.

The St. Cathedral, where the service was held, was packed with people who listened to a sermon delivered by the Bishop.

PEDDER STREET COLLISION

A motor accident occurred in Pedder Street in the early hours of Sunday, a taxicab colliding with a private car, the number of which is not known. No persons were injured, and the main material damage to the taxicab was a dented mudguard. The impact at the collision was severe, as may be judged from reports that broken glass was scattered as far as 20 feet from the cars.

RECREIO "A" MISS OPPORTUNITY

Recreio "A" missed an opportunity of finishing at the top of the Brawn Cup League on Saturday when they were forced to share the spoils in a goalless draw with Diocesan Girls' School.

The only goal, scored through Miss S. Roberts, in the second half, for St. Andrew's, gave their side a decisive victory over the Recreio "B."

MEN'S GAMES

Y. M. C. A. beat the Battalion team of Royal Scots by the odd goal in three, an injury to L/Cpl. Hiltchcock, their centre-forward, who was hit on the knee from a powerful "Y" clearance, resulting in the losers playing most of the second half with only 10 men.

A fast hockey match was witnessed on the "Y" ground when "Y" second eleven beat Combined Schools by a goal scored by J. Greenberg late in the second half.

"Y" were best served by Millington, in goal, and Yurleff and Harrington, full-backs, while Greenberg and Dormer were the pick of the attack. Banks spoiled several grand openings by hanging onto the ball a trifle too long before centring.

Why Pay More?

The Andrews Liver Salt you have hitherto bought in bottles is now packed in ECONOMY TINS. You can now buy a STILL BETTER ANDREWS at a LOWER PRICE. Andrews has the largest sale of any effervescent salt in the world, and is not only cheaper than ever—it is also a better and different Andrews—the same as sold in Great Britain for nearly 50 years, combining the qualities of a refreshing saline with the properties of the IDEAL TONIC LAXATIVE. Its slow, continuous effervescence is due to a combination of salts which exhaustive experiment has proved to be the most efficacious and health-giving. Besides—Andrews keeps better in tins than in bottles, and is unaltered by hand during manufacture.

ANDREWS LIVER SALT benefits in four ways:—
(1) It ensures thorough cleansing and elimination of poisonous waste products.
(2) By its direct action on the liver and stimulation of the flow of bile necessary for digestion.
(3) By its moderate stimulating action on the bowels, inducing them to function naturally.
(4) By its antacid action on the stomach.

By asking for ANDREWS in the ECONOMY TIN you will obtain the SAME QUANTITY as in former bottles at a LOWER PRICE. Andrews in tins is, also, a BETTER ANDREWS. By buying it in the new containers you SAVE MONEY and, at the same time, benefit from the IMPROVED QUALITY.

You NEED Andrews if you suffer from:

CONSTIPATION LOSS OF
FLATULENCE APPETITE
GIDDINESS NERVOUS

REBUILDING CHINA'S INDUSTRY BY CO-OPERATIVES

CHUNGKING, APRIL 1 (CENTRAL).—"I WAS DEEPLY IMPRESSED BY THE DEGREE OF SUCCESS THE PEOPLE THERE HAVE ATTAINED IN THE DEVELOPMENT OF INDUSTRIAL CO-OPERATIVES, for despite the fact that most of them are illiterates, they are grasping the idea with extraordinary quickness," declared Mr. Rewi Alley, a New Zealander serving as adviser to Industrial Co-operatives, soon after his return to Chungking after a one-month trip to the Northwest, to a group of Chinese and foreign newspapermen in the wartime capital.

"We can do everything in co-operatives that is impossible in any other organization in wartime," continued Mr. Alley, "for in the former, the workers, bound by their common interests and group welfare, fight to cut down costs as much as they can. A machine shipped from the seaboard areas can be purchased for \$8,000 on a co-operative basis, whereas it would cost \$16,200 otherwise."

"Many of the women mill workers who were removed from Hankow through Madame Chiang Kai-shek's efforts last fall and who are now settled in peaceful places in the Northwest where they are spinning, weaving and knitting in low mountain caves would never return to factory life tied down to machines. As co-operative workers they enjoy more freedom, less hours and higher pay. They can feed their babies whenever they please and they have their own chairman and organizations," observed the New Zealander.

REMARKABLE ABILITY

"The ability of the Chinese to organize co-operatives is remarkable. In many small villages that I visited, many federations of co-operatives have sprung up. One of them even had a \$1,000-trade a day by supplying the military with cloth, canvas and other materials. In one town in southwest Shensi Province, I was surprised to find

WEEKLY PRIVATE REPORT

REYNOLDS AND GIBSON

WHEAT

Liverpool.—At first prices were inclined to ease, despite further sales of Australian wheat and flour to China and rumours that the negotiations for the sale of 100,000 tons of Plate wheat to Germany in exchange for railway material had been completed. The easiness was occasioned by rather more pressure to sell Australian and Plate and by a sharp reduction of 5/- per ton in the minimum Plate freight rates. The market, however, rallied later in the week on the disquieting political news and finished steady 1d. to 3d. higher on balance.

There have been no fresh developments of importance with regard to growing crops. The U.S. Winter wheat crop is greening and prospects are reported to be favourable except in parts of Oklahoma and Western Texas where the condition is poor. In the North-west the ground is still frozen. The U.S.A. Bureau of Agriculture issued on Friday last the following estimates of farmers' planting intentions with regard to Spring wheat:—

Spring Wheat.—Intended Sowings, 1939: 19,505,000 acres.
Spring Wheat.—Seeded Acreage, 1938: 23,515,000 acres.
Spring Wheat.—Harvested Acreage, 1938: 20,510,000 acres.

The prospects of Northern European crops are regarded as only moderate. Re-sowing has not been as extensive as was expected. Indian conditions have improved and harvesting is now in progress. Chicago prices have also been influenced by the unsettlement in Europe. There has been some fresh Eastern and speculative buying together with short covering. There has, however, been no improvement in the export demand. Sales of American wheat and flour for export from July 1, 1938, to February 20, 1939, have been officially estimated at approximately 88,000,000 bushels, of which about 62,600,000 were subsidized.

The Winnipeg market has registered a small improvement after an early decline in which the October position recorded a new seasonal low. It is reported that Norway has bought 4,000 tons of No. 3 Northern Manitobas for shipment at the re-opening of navigation.

Argentine pressure seems to be increasing but the deterioration in European politics and the imminence of the crop scare period make us lean to the long side.

Stocks of Wheat in Liverpool: This week 788 loads; last week 830 loads.

SHARE MARKET REVIEW

BY C. A. L. RICKETT
Secretary, Hongkong Sharebrokers' Association

With the continued gravity of the European political situation market conditions have been very uncertain during the week and there has been a further decrease in the volume of business recorded. Towards the end of the week renewed selling on a small scale resulted in a downward tendency in prices. However, at the close of business, with more enquiries, there is every indication of improvement in prices and the undertone is firmer. Hotels changed hands down to \$5.50 and further shares were wanted at this price with sellers at \$5.65. China Lights (O) were wanted at \$8.20 with sales reported at \$8.25 and \$5.50 for the new shares. Electrics after changing hands at \$56.75 were wanted at \$58. H.K. Docks were wanted at \$18; Lands at \$33.75 and Dairy Farms at \$24 (ex rts.). Trams were offering at \$16.20 with buyers at \$16.

The Manila market, following New York, took an easier turn. San Maurice lost 25 cts. to P. 1.80. United Paracale closed at 63 cts. (ex div.) a loss of 7 cts. Antamoks receded to 35 cts. (ex div.) and Benguet Consolidated were down 50 cts. at P. 12. Market closed rather easier.

In hot countries one's diet and the extent to which one perspires tend to decrease the mineral contents of the body. Many complaints such as irritability, high blood pressure, dizziness, acidity, which are so often ascribed to "the climate" are due largely to this loss of minerals.

ROYAL AIR FORCE

ADEN COMMAND STAFF

Group Captain C. G. Murray,

O.B.E., has been appointed Command
Accountant at Aden, in succession to
Wing Commander I. L. Winter. Flight
Lieutenants P. M. Smith and J. H.
Becher have been appointed to the
air staff in this command, and Flight
Lieutenant H. A. Surraby to the
equipment staff at Aden.

STATIONS FOR FLEET USE

In addition to the four air stations
at Lee-on-Solent, Ford, Worthy Down,
and Donibristle which will pass under
Admiralty control early in the new
financial year, the Navy is expected to
take over, later in the year, the sta-
tions at Eastleigh and Lympne.Eastleigh (Southampton) airport
became an R.A.F. station, in addition
to its civil use, in October, 1938, when
accommodation was made available
for four squadrons of the Fleet Air
Arm, when disembarked. No other
R.A.F. units have been stationed
there.Lympne airport, Hythe, has, how-
ever, been used by bomber squadrons
since October, 1936, although these

FLYER'S TERRIBLE ORDEAL

HUNG BY LEG 2,000 FEET OVER GROUND

MARHAM (Norfolk), Mar.
17.—(By Air Mail).—Hanging
head downwards from the
trapdoor of an R.A.F. bomber,
a young airman was
dragged at 200 miles an hour
2,000 feet above Suffolk fight-
ing for his life.

In the darkness he struggled
to free his foot—trapped in a
bomb rack—and parachute to
earth before the bomber made a
forced landing owing to engine
trouble during night exercises.

Buffeted against the fuselage
by the slip stream he twisted and
turned. His leg felt as though
it were breaking.

The plane was fast losing
altitude. James Gould Sum-
mers, twenty-four, knew that
he faced death in two ways.
If the plane landed he would
be crushed. If the plane
went much lower his para-
chute would open too late.

The pilot, Pilot-Officer Donald-
son, a Canadian, was deafened
by the roar of the engine, and
knew nothing of his colleague's
ordeal. Summers pulled himself
up by his trapped leg.

HOBLED FIVE MILES

Frantically he fumbled at the
straps of his jack boot. The
blood rushed to his head. The
straps loosened. He worked his
leg again. Then his foot slid out,
leaving the boot hanging. He did
not know how far he was from
the ground. He pulled his re-
lease cord.

The parachute opened and he
fluttered gently to earth five miles
from the little town of Sudbury,
Suffolk.

The two other members of the
crew had already jumped and
landed safely miles away.

When Summers reached the
ground he lay for a few minutes
exhausted. Then, hobbling along
with only one boot, he walked
with his parachute under his arm
to Sudbury police station five
miles away.

There he found that the police,
notified by Marham R.A.F. Aero-
drome, had begun to search for
him. It took him two and a
half hours to walk to the police
station.

Terrorism Organised In China

The British Government believes,
it was stated in London on Mar. 14
that a terrorist committee has been
formed outside the Concession area
in Tientsin, China, by pro-Japanese
elements.

The committee is believed to have
been formed for the purpose of
committing terrorist acts within
the areas of the zones.

One British and two French
policemen have been injured by
terrorists in the Foreign Conces-
sions in Tientsin, according to news
received in London on Mar. 14.

The attacks on the policemen
took place during the past three
weeks, and the assailants escaped
outside the Concessions.

Representations will probably be
made by the British Government
on the subject.

On several occasions the Japa-
nese Government have stated that
they have erected electrified wires
around the Concessions because
sufficiently strict measures have
not been taken within the Concessions
to suppress anti-Japanese activi-
ties.

have recently been moved to East-
church and Upper Heyford. The
R.A.F. School of Accounting has
recently been established at Lympne.

SENIOR AIR STAFF OFFICER IN IRAQ

Group Captain F. W. Walker, D.S.O.,

A.F.C., has been appointed Senior Air

Staff Officer, Iraq Command, in suc-
cession to Air Vice-Marshal J. H. S.
Tysen, M.C., who became Air Officer
Commanding, Iraq, on the departure
in the autumn of Air Vice-Marshal
O. L. Courtney, C.B., C.B.E., D.S.O.,
now Air Officer Commanding, Reserve
Command. During the interval Wing
Commander H. D. O'Neill, A.F.C.,
has been carrying out the duties of
Senior Air Staff Officer.

NO. 28 SQUADRON COMMAND

Wing Commander O. D. Adams,

promoted on January 1, has assumed
of No. 28 (Bomber) Squadron at Mar-
ham, Norfolk, in succession to Wing
Commander E. S. Goodwin, A.F.C.,
who has been promoted to group cap-
tain and appointed to the air staff,
Bomber Command.

CARE OF WOUNDED CHINESE SOLDIERS: IMPROVEMENT IN MEDICAL SERVICES

CHUNGKING, April 1 (Central).—Improvement has been made
in the medical service for wounded Chinese soldiers, according to
a report released by Dr. F. C. Yen, Director of the National
Health Administration.

Under the Army Medical Admin-
istration alone, 400 base hospitals
have been established with a total
capacity of approximately 300,000
beds. In close co-operation with
the army hospitals, the Red Cross
Society had organized by August
1938, 53 medical units, composed of
1,180 volunteer doctors and nurses,
eight supply depots, 12 motor con-
voys (60 trucks), and five boat con-
voys (two launches and 25 junks)
for field service.

The Medical Department of the
Supplies and Transportation Com-
mission is responsible for receiving
the wounded soldiers from the divi-
sions, taking care of them while
in transit and transporting them to
the army hospitals in the rear.
Under its direction there are re-
ceiving stations which take care of
the walking wounded and all other
wounded in transit, and field hos-
pitals where the severely wounded
have their first chance of receiving
proper treatment.

The receiving stations and field
hospitals are organized by the Army
Medical Administration and assign-
ed to the Medical Department along
the main lines of communication.
For the transportation of the
wounded, the Medical Department
has at its disposal a number of
stretcher bearers, motor ambu-
lances, hospital trains and hospital
boats.

BASE HOSPITALS

Besides organising receiving
stations and field hospitals
for service along the lines of com-
munication, the Army Medical Ad-
ministration maintains in the rear
base hospitals, surgical hospitals
and a number of hospitals for
special cases. The 400 army base
hospitals are distributed over vast
areas of territory.

Cured soldiers from the army
hospitals are sent to the convales-
cent hostels organized by the Cen-
tral Wounded Soldiers' Adminis-
tration and from them to the Re-
gimental Depots where they receive
a short period of refresher-training
prior to their return to the front.

Owing to the limited number of
medical personnel, equipment and
transportation facilities at its dis-

posal, the Red Cross Society found
itself unable to organize the nec-
essary number of hospitals to
meet the demand and consequently
its units have been required to
work in close co-operation with the
army hospitals to take care of the
wounded at the front and in trans-
it and to render medical service
in these hospitals along the main
lines of communication.

FIELD ORGANIZATION

The field organization of the Red
Cross Medical Corps comprises
three services: medical, transporta-
tion and supply. The medical units
are, according to their nature, of
five different kinds, namely, am-
bulance, curative, nursing, preven-
tive and X-ray.

Aside from the Red Cross Society
of China, which is mainly financed
and staffed by Chinese, there have
been set up in several large cities
in the country International Red Cross
Committees of the National Red Cross
Society of China. These commit-
tees are mainly interested in gen-
eral relief and medical work
through the agency of missionary
hospitals and churches by giving
grants-in-aid and medical supplies,
and thus maintaining beds in mis-
sionary hospitals for the wounded
soldiers, wounded and sick refugees
and residents; by grants-in-aid to
refugee camps under missionary
auspices, and by establishing
"safety zones" and refugee camps
for refugees in the big cities.
